

### Thousands Have Kidney

#### Trouble and Never Suspect It.

##### How To Find Out.

With a bottle of common glass with your ruler and let it stand twenty-four hours; a sediment or an unwholesome condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tell all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

### PHOTOGRAPHERS.

#### Kentucky and Tennessee Association Meets Tomorrow.

The sixth annual convention of the Kentucky and Tennessee Photographers' Association will be called to order in Louisville tomorrow morning.

The purpose of the convention is to give all the members of the organization the benefit of the varied experiences of each one, and to raise the artistic standard of photographic work. There are several competitions in which handsome trophies are offered for fine work. The exhibition of these pictures forms a most interesting feature of the meeting.

The officers of the association are as follows: A. W. Judd, Chattanooga, Tenn., president; A. G. Roberts, Henderson, first vice president; H. E. Wallace, Union City, Tenn., second vice president; J. C. Rieger, Louisville, secretary; E. L. Mudge, Chattanooga, Tenn., treasurer.

### May Live 100 Years.

The chances for living a full century are excellent in the case of Mrs. Jennie Duncan, of Haynesville, Me., now 70 years old. She writes: "Electric Bitters cured me of chronic dyspepsia of 20 years' standing, and made me feel as well and strong as a young girl." Electric Bitters cure stomach and liver diseases, blood disorders, general debility and bodily weakness. Sold on a guarantee at R. C. Hardwick's drug store. Price only 25 cents.

### FINE ACCOMMODATIONS.

#### People Visiting Jamestown Exposition Well Cared for.

The great expositions of the world have usually been held in or near metropolitan cities. The knowledge of this fact has caused some to question whether Norfolk will be able to furnish adequate Hotel accommodations for the immense throngs which next year will visit the Jamestown Exposition. No anxiety need be felt, however, on this score.

The Jamestown Exposition is peculiarly fortunate in its situation. Although it is but a scant six miles from Norfolk, it is hardly a greater distance from Portsmouth, Newport News or Hampton. It is within a few minutes ride of some of the most famous seaside hotel resorts in America: Ocean View, Virginia Beach, Pine Beach and Fortress Monroe, or Old Point, long famous as an all year health and pleasure point. The cities enumerated above are well equipped with modern hotels, and cottages for the accommodation of summer visitors line the shores of Chesapeake Bay, the roadway to the sea, and the Virginia coast.

Several large hotels are now building in the cities near the exposition, and a number of temporary hotels are going up in the vicinity of the grounds. Further to assure comfortable and attractive accommodation for the guests, there is being constructed within the exposition grounds an Inside Inn, which is unique among exposition hotels. This Inn will be a real hotel—not a hastily constructed barn with shallow partitions, built for a day. It will be a permanent affair, lasting after the exposition is over, and will add one more to the well known resorts of the section.

It will have a frontage of 650 feet and a depth of 450 feet, and will be three stories high. It will contain nearly one thousand rooms, accommodating two thousand guests. It is located near the main entrance of the exposition and faces Hampton Roads, separated from this sheet of water only by a shady boulevard. To the left of the hotel is a splendid grove of stately pines; to the right, separate some hundred yards, is the amusement section of the exposition, named by Gen. Lee "The Warpath." At the rear of the Inside Inn is the Forestry and outdoor Horticultural exhibit. It will be seen from these items of surroundings that the situation of the inn could not be improved.

At other expositions the chief, if not the sole, advantage of the inside inn was that its guests were saved the slight annoyance of going to and coming from the exposition in crowded street cars or in conveyances speeding over dusty roads, for, as a rule, exposition visitors, especially those whose stay was brief, did not leave the grounds, once they entered. The minor advantage of being able to change attire for social or other functions of course might be added, together with the economy resulting from a location on the grounds, whereby extra admission fees were saved, but there were compensating advantages, insufficient space for rooms, thin partitions that did not keep out sounds, inadequate attendance and unsatisfactory cuisine.

The Jamestown Inn will suffer from none of these disadvantages. While the management of the property is in the hands of a company, the exposition reserves the right to insist upon first-class service for all persons. The structure will be built on the most modern plans; its furnishings will be strictly first-class and its arrangements comfortable in every particular. The rooms will be single and in suites with and without baths.

The first story will contain a large lobby, public writing rooms, ladies' parlors, a buffet, a dining room each for American and European guests, barber shop, postoffice, public stenographer's room, and in fact everything which usually accompanies the convention hall, occupying parts of the first and second floors. It will have a seating capacity of one thousand. There will also be a fine banquet hall, where a thousand or more guests may be served. The two upper floors, containing about 500 rooms each, will be used entirely for sleeping quarters.

Broad piazzas will encircle the building, enabling the guests to secure fine views of the pageantry on the Roads and ashore. Taken all in

### SOLD FOR TAXES.

#### City Buys In 118 Town Lots Belonging to Delinquents.

City tax Collector Gus Tandy yesterday sold at public auction 114 town lots belonging to colored people and 4 belonging to whites for delinquent taxes due for the years 1903-4-5. The sale was conducted by City Clerk McMath and all of the lots were bid in by the Mayor for the city of Hopkinsville at the amounts due for taxes. The former owners have two years within which to redeem the lots by paying all back taxes and costs, after which time the city will take actual possession of the property.

Miss Carrie McAdams, aged 19 years, died at Owensboro of brain fever brought on by over-study in Ratcliffe college. Miss McAdams graduated recently from the eastern college with the highest honors of her class. She was a beautiful girl and a great favorite in society.

### THE ROBINSON SHOW

#### Pitched Their Big Tents in Mercer Park.

The John Robinson show arrived in the city Sunday morning from Paducah about eight o'clock. The evening before the agent was here and made a hasty change in the plan to show in the Hopper field and decided to use Mercer Park. Consequently when the show arrived it only had to move across the river from the I. C. depot. Permission was given to unload and by noon the big job had been completed, the living tents, five stables, etc., had been put up and after eating breakfast the show people were lined up at the pay wagon and given their salaries for the week or half month. There are 1,000 employees and the line was a hundred yards long as the men and women of all nationalities were taken into the car one by one and paid off. The city was tightly closed except the drug stores and there were but few opportunities for them to spend the money until yesterday, when many of the merchants were called upon. The unloading crew all this time were busy getting the many wagons and the hundreds of animals into their places, but the big tent was not put until yesterday. In the afternoon there was a hard rain, but it found the smaller tents up and no discomfort was experienced.

A large crowd was at the depot to see the show unload, and there were many about the grounds during the day. The show people were an orderly and well disciplined crowd and went about their duties singing and joking and apparently enjoying the day of rest.

There are three John Robinsons with the show. "The Governor," as the men call him, is the original old John Robinson, now about 60 years old. His son, aged 38, and grandson, aged 15, are the other two.

The lot where the show was spread contains only eleven acres, but it is right in town and everybody was glad of the change.

The mayor yesterday put into operation his new rule of allowing no eating stands to block the streets in the business section of the city, and the usual crowded condition of the streets was much improved. Seventh street leading to the show grounds was not allowed to be used for eating stands. Permits were refused even on vacant lots, within ten feet of the pavements.

It has been estimated that at least 2,000 people were on the grounds Sunday afternoon. Hundreds stood around and watched the show people eat dinner, which was served at 3:20.

The 900 or 1,000 attaches are well fed, and sat down to a dinner Sunday that would satisfy anybody in ordinary circumstances. It requires 600 loaves of bread, 50 gallons of coffee and 35 gallons of sweet milk for each meal. Besides three kinds of meat and every fresh vegetable obtainable the tables, thirty in number, with twelve people to each table, ice water, tea, syrups and condiments of every kind were placed before the hungry army that Robinson carries with his big shows.

The large crowd of visitors were also allowed to see the elephants, camels and other animals watered. A tank larger than the one used for sprinkling the streets was driven up and the water turned into a large tub. Eight elephants drank the water as fast as it ran out of the tank in a stream three inches in diameter. Taken altogether, "the grand free exhibition on the outside" Sunday was a great treat for all.

"Doc" Waddell, the jolly and genial press agent, is an old-timer in this section and encountered many friends and acquaintances, among them "Uncle Dick Holland" of opera-house fame. He was given the glad hand all over town and left many additional friends in his wake. As long as the Robinsons have "Doc" as their press agent they will keep in "close touch" with all the newspaper people.

Capt. Dave Deaderick, the "adjuster," is another notable who has been with the show off and on for fifteen years. He made himself agreeable to the city officials and looked after the thousand and one little details. He is a specialist in the art of making you feel glad that he came and sorry that he left.

### Buried Saturday.

The remains of the late Gano Grissam, of Nashville, were brought here Saturday and interred in Hope-well Cemetery. Mrs. Carpenter, his mother; Mr. Carpenter, Mrs. Bordelon and other members of the family accompanied the body, which was brought here over the I. C. railroad. The remains were taken from the station to the cemetery, where a brief service was held by Dr. A. P. Lyon, of the Methodist church.

The deceased was the only son of the late M. W. Grissam, at one time proprietor of the Phoenix Hotel, and afterwards a prominent grocer of this city. Young Grissam began writing for the city papers in his early youth and after leaving here went to Nashville, where he married and took a position on one of the dailies of that city, afterwards working in an editorial capacity on Memphis papers. He was in his thirty-first year at the time of his death and leaves a widow with no children. He married Miss Carrie Hite, but no children were born to them.

### STOCK BARN BURNED.

#### Heavy Loss By Fire Falls On G. H. Stowe.

The large stock barn of G. Howard Stowe, at Julien, was burned Saturday evening about 8 o'clock. It caught in some unknown manner in the feed room. The stable and its contents were a total loss amounting to about \$2,000. There were 120 barrels of corn, gearing for 18 mules and a large stock of hay in the building. The mules were all rescued, but some of them were scorched. The insurance was \$800 on the building.

## BABY COVERED WITH SORES

Would Scratch and Tear the Flesh Unless Hands Were Tied—Wasted to a Skeleton—Awful Suffering for Over a Year—Grew Worse Under Doctors—Skin Now Clear.

### WOULD HAVE DIED BUT FOR CUTICURA.

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh."

"He got to be a mere skeleton, and was hardly able to walk. My Aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little."

"I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since."

"He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. (signed) Mrs. Egbert Sheldon, R. F. D., No. 1, Woodville, Conn., April 22, 1905."

### FARMERS, BEWARE.

#### New Swindle Being Worked in Rural Districts.

An exchange gives the following warning to the farmers against a swindle which is being worked in the rural districts:

A new swindler is abroad in the land. The swindler sells barbed wire fencing stretching machines. He leaves the machine and forty rods of good fencing wire on trial, requiring the farmer to sign for the return of the stretcher. The farmer signs for \$3, which, of course, turns up at the bank for \$300 instead. He may not turn up in Christian county, but it would be just as well for our farmers to be on the look out for him, just the same.
